## CASTELLÓ, SPAIN

Castelló is a city on the **Mediterranean coast** with beautiful sandy beaches all along its coastline and orange fields. It enjoys mild, sunny weather during most of the year. It is a modern, small provincial capital with everything you might need. Its moderate size (180,000 inhabitants) makes it the perfect place to live in, with the best of a big city (cultural events, shops, nightlife, facilities and local amenities) and a small town (**Spanish traditions**, relaxed lifestyle, integration with locals and nature). It is a very safe city and much **cheaper** than larger capitals as Madrid, Valencia or Barcelona. It is one of the world's leading ceramic tile producers. It is perfectly located and **very well connected** by train: **Madrid** (2.5 hours), **Barcelona** (2 hours) and **Valencia** (1 hour). As it is not as touristy and crowded as those cities, it is perfect to practice the language and experience real Spanish culture. Welcome!
