Job opportunities

Looking for a job with the EU institutions or agencies?

Search our database of available job opportunities for permanent and temporary positions, including contract agent posts, traineeships and secondments.

Selection procedures for temporary staff are generally organised by the [institutions](#) and [agencies](#) themselves, rather than by EPSO.

We also advise you to regularly visit the website of your favourite organisation(s) if you are interested in working with them. The content of the agencies' websites and vacancy notices therein is not EPSO's responsibility.

Please note that not all available vacancies are displayed on this site and some positions may only be open to successful candidates of Contract Agent Selection (CAST) procedures.

#shapingeuropetogether

"I work at the European Council and although I have a very complex disease (ALS) that is taking away all the muscles in my body, I never considered retirement because I am very proud of the institution and the work I do.

All my colleagues are very supportive!

I want to help to spread the message that I feel very lucky to work in an environment that is diverse and inclusive, no matter the problems or the differences."

- European Council -

"Being far from the dear ones is not always easy, but it is compensated by the quality of life and by the amazing working environment.

In Luxembourg city we are more expats than locals and that makes us all feel like home!

Just come and experience it yourselves!"
